CHILD SEATS

Polisport safety seats are recognized with the European Quality Trade Mark label

EQTM recognition was issued by the European Organization for Quality, which is one of the most reputable quality organizations in Europe.

The process of obtaining EQTM was professionally managed and controlled by an EQTM Committee, and enhanced the quality standards behind Polisport child seats.

EQTM could be obtained only for products of European origin, in the market over 3 years, and manufactured by companies that are able to continually sustain the agreed quality.

AHEAD ADAPTER+ FOR BIKES WITH 1"1/8 AHEADSET STEMS

AHEAD ADAPTER

ALLOWS POLISPORT MINI SEATS TO BE
INSTALLED ON BIKES WITH 1"1/8 AHEADSET
STEMS

Making the world of child seats a little more accessible to everyone, and reaching the most compatibility possible between bicycle manufacturers and Polisport front seats, we have developed this Ahead Adapter - sturdy slim bracket that allow you to mount your Polisport seat to bikes with threadless stems. The Ahead Adapter is designed to accommodate adjustable stems, e-bikes with a monitor or controller at the top of the stem, and MTB with 1 1/8" stems. The required installation space is only 5mm.

POLISPORT TRAILER

STROLLING OR BIKING WITH KIDS OR CARGO

FOR STROLLING

Easily convert your Trailer into a Stroller by just adding the Stroller Kit or if you are not interested in combining strolling and biking, you can purchase only the Stroller version. The stroller features a soft-touch handlebar adjustable in 4 positions, making your tour even more pleasant.

FOR BIKING

Just connect the trailer to your bicycle, get your kids and small cargo settled and you are ready to go. You can also use the Polisport Trailer to transport larger loads. Just fold up the seat, and take advantage of the full load cargo capacity (25kg).

1 OR 2 KIDS, OR CARGO

CARGO:

Maximum load capacity 25kg.

KIDS + CARGO:

Maximum load capacity 41 kg.

ADJUSTABLE HANDLEBAR
in 4 positions

TOP SCREEN
for a better children
& cargo control

REFLECTIVE STRIPE

EXTRA SPACE
for luggage and
small cargo

PARKING BRAKE

FOLDABLE DESIGN

Great for storage and transport purposes. Easily folded and unfolded without any tools.

POLISPORT TRAILER

FOR STROLLING OR BIKING WITH KIDS OR CARGO.

Polisport Trailer gives your family all the reasons to go out and safely cruise together. You can take one or two kids on the cockpit, plus a small cargo on the back trunk of your trailer. You can easily convert your Trailer or Stroller to transport cargo just by folding the seat down.

SAFETY

8 high visible reflectors spread on front, rear and on sides. Reflective stripes on the sides and in the rear of the trailer. Safety flag included. 5-point retention system. Parking brake. Top screen for a better children & cargo control. Safety wrist strap.

COMFORT

Small inside pockets for carrying out what you need. Foldable design for storage purposes. Easy to fold and unfold without using any tools. Removable wheels in a breeze due to its quick-release system. Incorporated suspension to make the ride smoother. Adjustable soft touch handlebar in 4 positions. Ergonomic design for helmet use, which is mandatory. Large side screens providing a good experience for the child. See-through mesh for optimal ventilation and protection against insects. See-through rain cover for optimal protection on rainy days. Elastic strap to store front cover layers when not in use. Waterproof.

OTHER FEATURES

Aluminium and steel frame. Compatible with 9mm QR rear bicycle wheels or solid axles up to 10mm. Easily convertible into a cargo version by folding up the seat. Rubber floor for easy cleaning. Advised Speed: 16Km/h / 10MPH. Maximum Speed: 25Km/h / 15MPH. Excellent stability - e-bike compatible.

STANDARDS

In conformity with EN 15918 and EN 1888

BALANCE BIKE

EXPLORING THE WORLD IN A HEALTHY
AND HAPPY WAY

Polisport Balance Bike is a training bicycle that helps little kids learn how to steer and balance. It allows children to build the confidence they will need once they are ready for a more traditional bicycle with pedals - no training wheels required! Children are seated so that their little legs can reach the ground comfortably. A built-in steering limiter also allows children to maintain control of how much they turn. Comfortable hand rubber grips, an ergonomically designed seat, and shock absorbing wheels give little riders extra comfort and confidence to initiate their rides. Polisport Balance Bike features an adjustable seat that grows with the child.

- This item is considered a toy.
- Not to be used on public roads.
- It must always be used under parental supervision.

OFF-ROAD BALANCE BIKE

The Polisport Balance Bike, resembling a mini motorbike, is a training bicycle that helps young kids learn steering and balance. No training wheels are needed for this confidence-building ride! A comfortable seat, steering limiter, and shock-absorbing wheels provide extra comfort and confidence for little riders. The adjustable seat and handlebar grow with the child.

REAR BICYCLE CARRIER MIK HD

SUITABLE FOR MOST BIKES, ESPECIALLY FOR TREKKING AND MTB BIKES

MIK HD (MOUNTING IS KEY – HEAVY DUTY) SYSTEM

The MIK HD mounting system allows bicycle accessories featuring MIK HD to be effortlessly attached or removed from a compatible MIK HD Carrier.

COMPATIBILITY WITH MIK HD CHILD BICYCLE SEATS

Experience the convenience and safety of the MIK HD Rear Bicycle Carrier, which is designed for seamless compatibility with MIK HD child bicycle seats and other child bicycle seats that use a carrier mounting system. This innovative carrier meets the ISO 11243:2016 standard, ensuring maximum safety for your little ones.

EFFORTLESS ACCESSORY SWITCHING

With the MIK HD system, switching bicycle accessories is a breeze. Attach and detach MIK HD child bike seats with a simple click, or secure your pannier bags using standard bungee cords for added stability.

FEATURES

The MIK HD Carrier comes with standard holes for easy attachment of signaling devices, ensuring visibility and safety in low-light conditions. Thanks to HRP (Hollow Reinforced Parts) technology, the carrier is lighter and more robust than traditional metal carriers, capable of sustaining loads up to 27 kg, in compliance with ISO 11243:2016.

SAFETY NEVER LOOKED SO GOOD

This in-mold helmet it's the perfect choice if you are looking for a high-end helmet for your kids. This helmet features an in-mold construction and an expanded protective area to increase safety and durability. It has an adjustable dial retention system that perfectly adapts to the head. The straps are soft and lock in a 2-point safety harness, ensuring an optimal fit. If you are looking for a solution to increase your kid's visibility on the road you can now opt for the new models with LED light. The helmet is light and vented and for that reason, it won't be a problem for your kid to use it. The bug net in the front will keep the head protected. The matte finish of the model makes it even fancier.

E'CITY

THE SPEED PEDELEC HELMET

E'City helmet was developed to meet the specificities of NTA 8776, and its shape was designed to match your daily outfit. The speed E-Bike helmet looks like a normal bike helmet. Still, the main differences are the greater protection area for the head and temple and the absorption capacity of a higher impact.

The E'city model combines a simple, casual design and enough air channels to ensure good ventilation. The visor will ensure adequate sunshade during commuting. With an easy-to-adjust retention system, adjustable straps, and a side lock, the E'city includes a set of thermoformed inner pads that will help absorb perspiration.

CITY'GO

THE VERSATILE CITY HELMET

Polisport City'GO helmet is one of the most versatile helmets in the range.

Cyclists share the road with cars, and the first step to staying safe is to be seen, thus avoiding accidents.

We added a **rear LED light** that is quickly attached to the rear vent. With the steady flash mode, the cyclist can quickly select the preferred mode.

With one touch the rear light can be quickly removed to add more air ventilation.

With an easily adjustable dial retention system, the fitting was made easier, increasing the rider's comfort. You can also choose to use the CITY'GO with or without the visor.

CITY-MOVE

FROM YOUR MORNING COMMUTE TO ROLLING WITH FRIENDS FOR A COFFEE

The compact shape of City-Move offers an attractive style while providing extra comfort and an extended coverage for your daily commuting. Available in 3 urban tones. With an In-Mold shell, City-Move features an increased lateral and back protection area, quite useful for city usage and features also a removable visor.

The City-Move combines a simple and casual design and contains enough air channels to ensure good ventilation. The visor will ensure adequate sun shade during commuting. With an easy-to-adjust retention system, and adjustable straps, this helmet also includes thermoformed inner pads that will help in the absorption of perspiration.

URBAN PRO

MULTI-PURPOSE SKATE-STYLE HELMET SUITABLE FOR BICYCLE, BMX, SKATE OR INLINE

The Urban Pro is an urban cycling helmet that not only looks cool as a hard shell helmet, but it is particularly suitable for any riding style.

Made with low weight and multi-purpose use in mind, this model is suitable for commuting or to use in an extreme riding style – from a BMX rider to a longboard fan.

Its matte black neutral colour will totally fit the urban city style, match your daily outfit, and your adventures in your favorite spots.

Due to the injected construction process, Urban Pro features a proofed extra durability when compared to a standard helmet.

Its low-profile shape is distinct yet minimal and assures maximum protection for the user.

Its adjustable retention system ensures the greatest possible comfort. Urban Pro also features a hear lock divisor, a soft touch strap, and closure that won't pinch the skin of your chin.

LIGHT PRO

THE BEST CHOICE FOR VENTILATION AND LIGHTNESS

The Polisport Light Pro combines a lightweight and durable construction to keep your head fresh even during intense rides. The Light Pro also offers a comfortable slim DIAL Retention System. Fully vented with aero design to improve air circulation and aerodynamic performance. The helmet's interior has small thermo-welded pads smartly placed to increase comfort and increase perspiration management. The chin pad improves the adjustability of the straps and provides a sleek look without loose straps. Light Pro also features an ear strap divider that can be easily locked at the best spot for extra comfort. The helmet is supplied with an extra pad set.

G-MUD

OPTIMAL FIT. STYLISH PROTECTION.

With the G-Mud, now you can use your gravel bike for what it's for... go everywhere no matter the weather. Its stylish and robust design and minimum distance to wheel ensure maximum protection against mud on your off-road paths, while offering an even cooler look to your Gravel Bike. Installed on any bike due to the Velcro system and Zip-Ties, the G-mud does not need any tools for any adjustment.

R COLLECTION

THE LIGHTEST AND HIGH-PERFORMANCE COMPETITION CHOICE

Weighing only 53g (550ml), the R collection competes in the worldwide high-performance cycling bottles category. Used by continental teams, its industry-leading low weight is enhanced by a thick plastic wall ensuring an excellent squeeze to control the liquid flow while offering a super-tight grip. The tip is soft-touch and provides you with a unique experience allowing you to control the perfect amount of liquid with no effort at all to open or close.

SUGAR CANE

THE NEW SPORT BOTTLE MADE FROM SUGARCANE

Sugar Cane bottle is made from sugarcane, a raw material that is 100% renewable and recyclable. This model is available in two different capacities – 550ml and 750ml. As a renewable raw material, sugarcane captures and fixes CO₂ from the atmosphere at each annual growth cycle. Besides these ecological features, this bottle offers an excellent squeeze performance and a new improved tip design for a better water flow.

MATERIAL Bio based plastic - Sugarcane, BPA free.

STANDARDS Complies with food contact regulations: Regulation 10/2011.

Master box: 100 un / 768 x 388 x 432 mm

CORK BIO

THE NEW THERMAL BOTTLE MADE FROM CORK

Cork Bio thermal bottle is made from cork, a raw material that is 100% natural, ecological, biodegradable, and renewable. The result is a reduced CO₂ footprint, increased lightness, optimal thermal properties, and great grip performance. In the interior there's foam with an aluminium membrane to prevent the temperature of the water changing during a period of time. There's a soft tip so you can control the water flow and also a hygienic tip cover.

MATERIAL Food-grade polyethylene and cork, BPA free.

STANDARDS Complies with food contact regulations: Regulation 10/2011.

Wide opening Ø57 mm / 2.24"
